

Offer of Admission

Date: 16/07/2024

Dear Mohammed Zaki,

Congratulations! You have been provisionally selected for the Four (4) year undergraduate programme in Computer Science at **Scaler School of Technology, Bangalore.**

Last year over 54,000 applicants applied to join the elite Scaler School of Technology and our rigorous selection process led to an acceptance rate of just 3.8%, making your admission offer an achievement you should be proud of.

At Scaler, we pride ourselves on our innovative curriculum, designed in collaboration with industry leaders from companies such as Amazon, Google, Microsoft, Meta, and more, and our commitment to practical, real-world learning experiences. You will benefit from personalized mentorship, a future-proof curriculum, and a one-year paid internship, providing a unique blend of theoretical and practical knowledge.

Our selective admission process ensures that you will be studying alongside the most talented and passionate peers, further enriching your learning experience. Living on campus is an integral part of the Scaler experience. It is here that you will forge lifelong networks, engage in peer learning, and have access to a multitude of resources that will aid in your personal and professional development. This immersive environment is designed to harness the collective potential of our students, creating a vibrant and intellectually stimulating community.

Scaler's alumni have secured positions in leading tech companies, and with the combination of our rigorous academic program and the backing of prestigious degrees, you will be eligible for further studies and government jobs in India, as well as opportunities to continue your education in renowned institutions abroad.

Welcome to SST, where your future in computer science education begins.

Anshuman Singh

Confirming Your Admission

A non-refundable admission fee of **Rs. 50,000/- (Rupees Fifty Thousand only)** needs to be paid **by 24-07-2024**, in the favour of the institute to confirm your admission. This amount will be adjusted against the total tuition fees for the Academic Year 2024-2025. Please see the details of the year-wise fees on the next page.

As the next step, our Admission Counsellor will reach out to you to gather the required documents such as government ID proof and X/XI/XII mark sheets to confirm your admission along with the admission fee. In case the required documents are not received **by 24-07-2024**, your offer for admission will be revoked.

You are required to complete the Trimester 1 fee payment by **5th August 2024**

Please Note: Class X and XII scores (expected or final) from recognized boards such as CBSE, ISC, IB, IGCSE or equivalent are required. Failing to comply with any of the eligibility requirements will automatically lead to the cancellation of your admission. This is a provisional admission offer subject to verification of the required documents and following the due admission process.
